Sir

With reference to the marginally noted items relating to this Department in the Dewan's Tour Notes of the Chitaldrug District, I have the honour to state that there are at present two Hospitals in Davanagere one, the Local Fund Dispensary and the other, the Maternity Hospital. The Local Fund Dispensary has a provision of two beds and with the completion of the in-patient Ward for four beds, sanctioned in Government Order No. G. 3706-10/Med. 140-27-2 dated the 2nd February 1928, will be quite sufficient to meet the demands of the male population of the place.

The Maternity Hospital, which was recently opened has a provision of twenty four beds and all that is required is a separate Female Out-patient Block, which, with the other Institution would adequately serve all the purposes of a General Hospital. The removal of the Female Out-patients from the Male Dispensary will provide additional accommodation for the male in-patients.

Both these institutions are staffed by Medical Officers of the cadre of Assistant Surgeons.
